Notified Body No : 2575

Glove description and style references:

Goat Grain Leather Driver Gloves

Gloves Article No.: 015/1

Sizes: 7,8,9,10,11

CONIK S.A.

- Recommendations: These gloves protect against mechanical risks
Attention:
NOT TO BE USED FOR CHEMICAL PROTECTION
OR USE WHERE A RISK OF ENTANGLEMENT BY MOVING PARTS
Glove components used are not harmful for the user
and have been selected for best wearing comfort.

Pictograms and Performance Levels:

Test	Insert performance level	EN 388:2016+A1:2018
Abrasion Resistance	2	
Blade Cut Resistance	1	
Tear Resistance	2	
Puncture Resistance	2	
Cut Resistance	X	
Impact Protection	X	
0: indicates that the glove falls below the minimum performance level for the given individual hazard		
X: indicates that the glove has not been submitted to the test or the test method appears not to be suitable for the glove design or material.		
The numbers above indicate the performance level of the gloves 1 = lowest 4 = highest 5 = highest for blade cut resistance		

- Protection limited to part of the hand covered by glove.

Warning

Do not get near to running machines (danger of dragging).

The glove may lose its insulative properties when wet.

Before use, check the glove visually, in order to verify its safety conditions, that is to say, that gloves must be in perfect condition, clean and undamaged. In case of visible damages (breakages, stains) gloves must be substituted.

These gloves correspond to safety features only if perfectly put on and kept in a good state. Always wear gloves with dry and clean hands before use. Do not use in presence of neither oil, nor water or other liquids.

This glove does not contain any known substance which may cause allergies to sensitive people.

Instructions for use

To put the glove on pull over the top of the hand inserting finger and thumb into the applicable pouch. To remove pull away from the top of the finger.

Care Instructions

No special cleaning or maintenance is recommended for these types of gloves.

For multi-layered gloves the overall classification does not necessarily reflect the performance of the outermost layer.

Packaging Info

12/10/6 pairs in a clear poly bag with an instruction sheet & 50/60/120 pairs in a carton.

The packaging provided with the gloves at the point of sale ensures that the gloves are delivered to the customer in the same condition as when dispatched.
